

Blue Deer Center is an extraordinary place that takes us back to our intuitive relationship with nature.

Nestled in the beautiful Catskill Mountains of New York on sacred land, Blue Deer makes two powerful antidotes available to restore our spirits: Nature and Traditional Healing.

People come here to experience the living connection to life: Life is nature. Nature heals. Nature restores. Nature reorients.

The generosity of our donors make these programs possible!

Blue Deer is a non-profit 501 c (3) Tax ID 22-3741704
